## Silvern Cabernet Sauvignon 2018

*Silvern - a word inspired by the smooth and silky flavours of this superb Cabernet Sauvignon from the famous "terra rossa" soils of Coonawarra in South Australia.*

### Vintage Conditions

2018 vintage is set to be labelled an amazing vintage, with superb conditions and fruit of outstanding quality being harvested. The yields were moderate, and the slow cool ripening was very even, delivering fruit with fine tannins and strong varietal flavours. Early indications of the 2018 Vintage suggest that the grape quality is outstanding. All winemakers in the region are talking positively with comments that the colour is good, balanced tannins and good fruit weight.

### Winemaking

The Silvern "a Coonawarra Cabernet Sauvignon" was crafted to be a beautiful example of an elegant dry red. Fermentation was in both stainless steel tanks and oak barrels then aged for a further six months with minimal oak contact. It was then bottled as a young red to retain freshness.

**Grape Variety** 100% Cabernet Sauvignon

**Region** Coonawarra

### Winemakers Comments

A bright dark purple / red colour with vibrant fruit aromas and sweet dark berry fruit flavours on the plump palate with fine tannins on the finish.

**Alcohol** : 14.0%
